Parents Teachers Association

Parent teacher association is very important for students. Complete development of student is assured through this association and tries to meet his needs. This association not only fulfils the needs of students but also of teachers and parents. Unless teachers know their students well and are knowledgeable about their achievements, they cannot be confident that their teaching is meeting the learning needs of their students. Therefore parent teacher association helps in complete development of a child and lets teacher and parents understand their children's needs and progress completely.

The Members who wish to enroll themselves as PTA member should make it sure that they will actively take part in all the events and activities as and when required. The parent who can devote time for the same should enroll themselves.
